

A mutual agreement to define shared responsibilities and decision making

my/MS commitments

This document has been developed with the help and suggestions of people living with MS and MS healthcare professionals

Name:

Address:

.....

Neurologist/MS nurse:

.....

Date of diagnosis:

.....

Take some time to read this document and feel free to ask any questions.

- Your healthcare team has signed up to the initiative *MyMS commitments*, with the aim of providing you with the best and most personalised care possible
- The commitments agreement aims to share responsibility for your MS between you and your healthcare team and outlines what you can expect from each other
- It lists the commitments your healthcare team will make to you and the responsibilities they would like you to take on
- Being open about commitments between you and your healthcare team can help to build trust and strengthen your relationship
- This document can be tailored to suit your needs.

All the information provided is at the discretion of your healthcare team based on the most accurate and timely information they have available to them. While they will always do their best, it may not always be possible to provide all the information you need at every appointment.

Listed below are commitments for you and your healthcare team.

1. Understanding and learning about multiple sclerosis

As a patient, I commit to...	TICK if agree	As part of the healthcare team, I/we will commit to...
<ul style="list-style-type: none"> • Telling my doctor, MS nurse or other member of my healthcare team about the type of information I would like 	<input type="checkbox"/>	<ul style="list-style-type: none"> • Directing you to reliable information and resources • Listening to your concerns and answering any questions you have, and respecting that you may not be ready to talk about certain issues • Letting you know about patient support groups local to you
